

Suffering with hearing loss? It may be due to earwax

DO YOU SUFFER FROM ANY OF THE FOLLOWING?

- **Unexplained Hearing loss**
- **Tinnitus** (ringing or other noises in your ears)
- **Pain in your ear(s)**
- **Ear Infections**
- **Whistling Hearing aids**
- **Ears feel blocked**

If you answered **YES** to any of these questions you may have a wax build up which needs removed.

If wax removal is required this can normally be done in one visit using controlled water-irrigation and usually does not require pre-treatment with softening products.

Avoid lengthy waiting at your GP's surgery

OPTIQUE

SIGHT & HEARING EXPERTISE

573 Lisburn Road, Belfast, BT9 7GS **T:** 028 9066 7030

E: info@optiquesight.com **W:** www.optiquesight.com
